Lastly, never forget and hold close and tight that you flat out lied to a court to try and get me punished more. Hold that tight and close to you and always remember that. Always remember that you told the court a flat out lie comparing me to Charles Manson. You lied to a court. It doesn't matter that it was a victim statement, any statement to the court by anyone has to be factual, accurate, correct and truthful. It can't be imagined or made up nonsense. Hold tight to that fact, and the way that you have always demonized and vilified me, Always trying to dehumanize me. You lied to a court and told the court I was the most vile and heinous of people. Also, remember, I forgave you for it. Hold tight to the fact that you're not an honest person and your statement to the court to have me punished more is proof of that. I told you the truth, and I was telling you the truth, you distorted it, and twisted it. Hold tight to those facts. Hold tight to this also, I treated you horribly back then, but have done everything since then to better your life. You've consistently and continuously pushed, shoved and cast me away. You push and push and push. You've so badly harmed, hurt and damaged me and you did it intentionally. Remember that and hold that tight and close to you.
